

HOLOCAUST IN PAISLEY (SCOTLAND) MOVIE THEATRE DURING MATINEE FOR CHILDREN

Paisley, Scotland, Dec. 31.—Sixty persons were reported dead in a fire which wrecked a motion picture theatre here today. A large number of fatalities were children.

About 150 persons were removed from the theatre to hospitals for treatment of burns and abrasions. A holiday matinee was in progress when flames shot from the operator's box and quickly enveloped the auditorium. It was believed the death toll might reach eighty.

Exits of the theatre were speedily jammed with struggling boys and girls seeking to flee from the holocaust, and firemen had the greatest difficulty in dragging the young victims to safety.

Constables and civilians, driven back by heavy clouds of smoke, improvised gas masks and heroically assisted in making many rescues. Meanwhile a crowd of frantic mothers gathered outside and watched the children being taken from the burning building, anxiously scanning each new face in the hope of recognizing their own children.

Tram cars were used to rush the victims to an infirmary. By a curious ironic twist the film which the children had been watching was "The Crowd."

CHRIST CHURCH JUVENILES (MACLEOD) STAGE SUCCESSFUL PANTOMIME UNDER ABLE DIRECTION OF MRS. CUTLER ASSISTED BY MRS. BROWN

The first amateur production in pantomime ever given in Macleod was staged by about thirty juveniles under the able direction of Mrs. F. J. Cutler, well known pianist and vocalist of Western Canada.

The musical scenario, written by See-Kay and entitled "A Dream of Fairytale," describes how poor Cinderella, thoroughly broken hearted, pleads with the Fairies of Nurseryland to let her spend one day free from care and strife and the Queen of the Fairies, answering her prayers with a wave of her wand, transports Cinderella to the Happyland of Childhood Memories, where Mother Hubbard and every member of Babyland are out to give poor Cinderella the time of her life.

The songs and dances of all the members were excellently rendered while the characters were realistically portrayed, and not a member of the large audience but was impressed with the beautiful scenic effects and the handsome costumes.

The final transformation scene was really magnificent, and the beautiful rendition of the closing farewell number, sung by Mrs. Cutler, accompanied by Miss Jean Hilliard on the piano and F. J. Cutler on the violin, will long be remembered.

The difficult role of Cinderella was played by Miss Ruth Armer whose rendering of the theme song "Take Me Back to Babyland," together with her superb acting, thoroughly merited the applause given. She was ably supported by Miss Beryl Underwood as the Fairy Queen, who carried out her part to perfection, while her lengthy monologue throughout the play was clear and distinct.

The opening Fairy dance by three pretty wee girls, Dorothy Murdoch, May Marlow and Thelma Reading, was excellent.

All the following characters were practically perfectly portrayed. It is hard to choose between them: Tom the Viper (C. Murdoch), Bo Peep (Mona Grier), Boy Blue (Jim Grier), Red Riding Hood (Nellie Taylor), Jack and Jill (Jim Underwood and Gladys Taylor), Magwitch (Madge Pharo), Mary Contrary (Ethel Armer), Miss Muffet (May Marlow), Simple Simon and Pieman (Gordon Grier and Norman Baker), Mother Hubbard (Dorothy Hilliard), Two Eskimos (Nina Grier and May Burrows), George Porcupine (D. Nash), Jack Homer (Jim Welch), Willie Winkie (Mary Perkins), Prince Charming (Ethel Pearson), Felix the Cat (Margery Perkins), Mary and her lamb (M. Bayden), Santa Claus (Mr. Percy Longley).

The second half of the program consisted of several monologues and beautiful scenic songs written and arranged by Mrs. Cutler. A Japanese song scene with solo by Miss Ruth Armer assisted by seven sweet little Japanese girls was vociferously applauded, also a musical monologue "They Always Pick On Me" by Beryl Underwood, which was heartily cheered, as were two comic vocal numbers by Master Norman Baker "They Go Wild Over Me" and "Tip Toe Through the Tulips," rendered in real professional style. A very pretty song number was the Garden Wall scene where Mona Grier and Dorothy Hilliard, as two dashing early Georgian Courtesans made court to two sweet maids, Beryl Underwood and Madge Pharo, also quaintly attired. The number included old fashioned minuets and the song "Come on Over the Garden Wall." One of the most pleasing and laughable numbers was "Dear Little Janney Face" in which Gladys Pearson, Ethel Armer and Florence Benson made violent love to Little Charlie Murdoch, who was thoroughly enjoying himself with a huge slice of bread and jam, with much jam going on the exterior as well as the interior. His rejection of the ardent lovers was very very funny.

The final number was a very exquisite song number by Mrs. Cutler, "The Pansy Song," which was beautifully rendered. During the singing the curtain was slowly raised on about thirty little girls whose masked faces formed a lovely bouquet of pansies, which were made doubly sweet by the splendid colored lighting effects. Mrs. Cutler, assisted in the training of the children by Mrs. Brown, is now receiving the well earned congratulations of the Macleod residents.

SOVIET RUSSIA GIVES PROMISE TO BRITAIN WILL STAY FROM SOVIET PROPAGANDA IN BRITISH DOMINIONS

London, Dec. 28.—Soviet Russia, in resuming its diplomatic trade relationship with Great Britain, has agreed to abstain from propaganda both in Britain proper and in the Dominions.

Publication by the foreign office of the notes exchanged between foreign minister Henderson and the new Soviet ambassador, K. Sokolnikov, confirming the protocol on propaganda reached during the Anglo-Russian conversations at London in October, reveal the Soviet province also with reference to the Dominions.

The Russian ambassador's note, after confirming the propaganda article in the treaty of 1924, says the Russian government, "has considered that undertaking as extending to the British Dominions, Canada, Australia, New Zealand, South Africa, Irish Free State and Newfoundland.

Exchange Separate Notes
Consequently as soon as the government of any Dominion shall have regulated its relations with the Union of the Socialist Society Republics in such manner as the circumstances of the particular case require, the government of the U. S. S. R. will be ready to repeat on the basis of reciprocity, the undertaking referred to, in a separate exchange of notes with such a Dominion.

The clause in Right Hon. Mr. Henderson's note said that each of the Dominions would regard the propaganda undertaking in the 1924 treaty as having "full force and effect between themselves and the government of the U. S. S. R."

Official circles did not believe today the discrepancy in the text of the note was important, although admitting it might be necessary for each Dominion to confirm the protocol with a separate note to Russia.

Express mention of South Africa in the Soviet note was regarded as especially important, since police informers recently have accused communist propagandists of stirring trouble among the natives. India is included in the mutual propaganda pledge, being classed along with Great Britain proper.

DUTIES OF MODERN EXECUTIVES
Dwarf Demands Made Upon Kings of Yore.

TIME was when rulers, gathering their intimates about them, took to the fields and woods in search of wild boar or slipped incognito into restaurants when they wished surreptitiously to sit vis-a-vis with their subjects.

Improved transportation facilities have enlarged the importance of industry in all countries in its relation to agriculture and commerce since the days when governing was more leisurely. Governing today, if it is to safeguard the interests of both laborer and manufacturer, and if it is to recognize the essential elements of prosperity and well-being for the nation, must include knowledge of the industries upon which a healthy state depends.

Visits made recently by Viscount Willingdon, vice-regal head of the Canadian Dominion; King Alfonso, ruler of Spain and President Hoover, head of the American state, to plants where Ford cars and trucks are manufactured, are indicative of the importance that leaders of nations attach to first-hand information about the industries of their respective countries.

Any guess as to what Henry VIII, Isabella or Washington might have thought or said must result only in the conclusion that the job of knowing how to conduct a government these days is much more of a task than in the periods so often referred to as "the good old days."

BALDWIN PREDICTS ELECTION — TELLS BRITISH CONSERVATIVES THAT LABOR PARTY HAVING GREAT DIFFICULTIES

London, Dec. 31.—Suggestion of a new British general election at not distant date was made today by Right Hon. Stanley Baldwin, former Conservative prime minister in a New Year's message to the Prime League on his party.

He appealed for a year of hard work, "for we do not know how soon we may be again in the turmoil of a general election." He said the Labor government was encountering increasing difficulties as a result of rash election promises.

The ultimate solution of the unemployment problem, he said, would depend on expansion of trade and development of new markets, the field for that expansion lying in the rapidly developing empire markets. He declared unemployment was increasing under the present government.

Stavely, Dec. 28.—Macleod administered a crushing defeat to the local puck chasers at the arena last night the score being 7-2. At no time did the home crew look dangerous as the invaders swept through them with the first exhibition of team work. In the first period no scores were made, but in the second Macleod rang up three tallies and Stavely one and in the third it was Macleod four and Stavely one. The game was clean and not lacking in thrills for the crowd of fans that lined the sides of the rink.

The line-up:
Stavely — Allen, goal; Derochie and Jenkins, defense; Allison, Anderson, Bouzin and Schode, forwards; Haynes, Rea and Doyle, subs.

Macleod — Swinerton, goal; Hamilton and Dowson, defense; Dillingham, Townsend and B. Hamilton forwards; Ringland, Graham and Smith, subs.

MACLEOD DOWNS STAVELY INDEPENDENCE MOVE IN INDIA STIRS LONDON—PRESS COMMENT IS SOMEWHAT BITTER

London, Dec. 28.—(Canadian Press Cable.)—London newspapers today give the utmost prominence to the news from the Indian Nationalist Congress working committee on the resolutions favoring complete Indian independence, sponsored by Mahatma Gandhi, and including declarations of boycott of the legislatures and campaigns of civil disobedience.

The news is received in London with mixed feelings. Generally, however, there is a feeling that the Congress if it adopts a too extreme attitude at the plenary sessions opening tomorrow, will lose a lot of its own supporters.

The Daily News today points out that the Congress is not now fighting British rule, but is fighting "the facts of history, geography and race—things for which no human being is responsible, which may be unfortunate, but which cannot be ignored or changed by a resolution as though it were a magic spell."

The Daily Mirror says: "The news from India implies our mastery is over. For the sake of ourselves and perhaps more for the sake of millions of natives, we hope it is not true."

The Conservative Morning Post says Gandhi's resolution is open and incident treason, and a breach of the Indian penal code. "If the Indian government has any sense of pride and prestige, it will put the ring-leaders on trial," the Post adds.

Raise National Flag
Lahore, India, Dec. 30.—The executive committee of the all-India National Congress party yesterday declared for complete independence for India just prior to the opening of the forty-fourth congress.

Mahatma Gandhi, long a leader of the Nationalist movement, led the fight against the proposed Dominion status in the British Empire and introduced non-co-operative measures to enforce the Congress party demands for independence. These included refusal to attend the round table conference called to meet in London to discuss the political situation of India, and favored boycott of the central and provincial legislatures with authorization for a program of civil disobedience and non-payment of taxes when the committee thinks it advisable.

The opening of the congress was attended by 30,000 persons. Pandit Jawaharlal Nehru, as president of congress, raised the national flag which he declared must never be lowered while a single person remained alive in India. The throng greeted this with cheers and cries of "Long live the revolution." They broke through the police cordon and swarmed toward the platform. Several persons fainted in the crush, including Abbas Tyabji, a congress veteran.

Stop us if you have heard this one . . .

"MY DEAR, I simply dread this daily shopping!"
How many times have you heard that story? More than once, we'll bet a hat. And if you ask the woman who "dreads shopping" just why she does so, you'll usually hear something like this:

"It takes so much time! I start out and look and look . . . and by the time I've found what I want I'm dead on my feet. All in, my dear. I mean I actually am!"

You can do a friend like that a real service. Ask her if she reads the advertisements. Usually she'll look surprised and say, "Not very often. What has that to do with it?"

Tell her how you have your mind all made up before you hang the market basket over your arm . . . how you're able to save steps, budget your expenditures neatly, get what you want—and all with a minimum of time and effort. Simply because you have the news of the shopping world at your finger-tips all the time, by reading the advertisements every day.

Advertisements are news. Vital, practical news. News you need to keep on top. Read the advertisements every day.

BROADWAY'S STAR MUSICAL SUCCESS EMPRESS FEATURE THURS. FRI.—SAT.—

At last we can view Broadway's best musical comedies right here in Macleod. Paramount has opened the way to bring the high-priced Broadway shows home with its dazzling presentation of the Marx Brothers' popular stage hit, "The Cocoanuts," which opens at the Empress Theatre for 3 days.

Never before has anything like "The Cocoanuts" been seen in Macleod. Never before has anything like it been transferred to the screen. Here, at last, is real entertainment—singing, dancing, glorious fooling—just the same brilliant features that one would see had he paid \$6.00 for a seat at the Broadway stage showing of this popular Marx Brothers' sensation.

Groucho Marx, the talkative member of the delightful quartette, a side-splitting jester; Harpo, with his dumb show, his expressive pantomime and his inspiring harp playing; Chico, with his insane antics, and Zeppo, the foil for his brothers' mad pranks, keep the house rocking with glee.

Beautiful melodies from Irving Berlin start you humming. The theme song, "When My Dreams Come True," is a catchy, romantic tune that strikes a lifting chord in the heart. Mary Eaton, the scientific blond Ziegfeld star, and Oscar Shaw, her partner in the great town, the reputation of Canadian have been stuns supreme on the American continent and is equal to any bacon offered on the British market.

As pointed out recently by Mr. W. A. Wilson, Agricultural Produce Marketing Agent in Great Britain, the most pressing need in relation to the Canadian bacon industry is larger production and continuous supply.

TOO MUCH MONEY

One of the most hopeful signs in North America is the growing realization among rich men that there is such a thing as too much money.

Maurice Falk, Pittsburg manufacturer, is the latest millionaire to find out this fact. Mr. Falk has just given \$10,000,000 for the use of the public, to be expended in thirty-five years.

This is not only a wise decision on Mr. Falk's part, but true justice to the public which protected Mr. Falk, and did not complain while he was accumulating too much. That it was

too much he now freely admits.

Excess millions, wisely administered, can do a lot of good. They have performed valuable services for mankind through the various Rockefeller Institutions.

On the other hand, if millionaires can come to believe that there is no profit and no happiness in mere hoarded-up gold, there will be less selfishness in the world and a fairer division of the bounteous wealth of this magnificent continent.

GOVERNMENT TOURIST ADVERTISING

The cash registers of Canada have rung up, during 1929, nearly five hundred million dollars' worth of sales to tourists, such as meals, lodging, transportation, automobiles and various other commodities.

Now, it is reported, the Federal Government is considering spending from one to two million dollars this coming year on advertising Canada as a tourist resort throughout United States.

If the Mackenzie King Government spends one to two million dollars on tourist advertising, that expenditure will be the most constructive step it has yet taken.

And results will show one year from now that Canadian tourist business has doubled, that it has amounted to almost equal Canada's foreign trade figure of one billion dollars.

This year's tourist expenditure of five hundred millions shows the vast sum there is to be drawn on in tourist business.

And intelligent advertising will increase that tourist expenditure just as surely as it increases sales in the business world.

WOMEN ARE THAT WAY

Efficiency experts from time to time in written articles advise women how to do things. One, for example, suggests that housewives keep a memo pad, ruled in columns of routine categories. Items would be jotted down in their respective columns and checked off as finished.

Aside from the fact that the memo would be more work than the tasks, women don't do things that way.

They don't do one thing at once—they do several. Probably no single task is uppermost in a housewife's mind. And therein lies her efficiency.

The innumerable activities of a household appear to the average man as a hopeless and insoluble confusion of details. He feels there must be a tangible, visible system to follow. He evolves one. If the housewife followed it, she would walk five to six miles daily around and through the house, instead of the probable two or three she does at present.

Duties appear individually to a man, hence his idea of confusion. But the same apparent tangle, in the mind of his wife, resolves itself into a harmonious and homogenous whole—whatever that is. Thus she is able to order the dinner by phone while on the way to make the beds, while your domestic efficiency expert wends his way back to the scratch pad.

After all, there's probably nothing so absurd in the world as a man advising a woman how to do her work—unless, perhaps, it's a woman advising a man about his.

THE TOLL OF FRIGHT

Eighty people were injured because of panic in a subway under the East River in New York. A train ran into a grounded third rail and burning insulation caused a stampede.

The fire itself injured no one. But the panic was disastrous. Panics always are.

Superstitions dread of fire is as old as the knowledge of fire. Yet for every life that fire has taken, human beings themselves have taken hundreds.

Fire prevention is becoming a public science. Campaigns have made it so. Panic prevention is equally important. It is a common sense teaching that should begin with earliest instruction. It should be the first principle of safety education.

When you stop to think about it, the real marvel in connection with Byrd's flight over the South Pole isn't the fact that he made the flight so much as the fact that the whole world knew all about it the next day.

The speed with which modern communication is carried on is an amazing thing. A couple of decades ago Peary went to the North Pole; but it was months before anyone knew anything about it. Now news travels more swiftly than anything else on earth.

CORRESPONDENCE

Seemly discussion of matters of public interest is invited under the above heading. As an earnest of good faith and to insure publication, all communications to the editor must be signed by the contributor (nom de plume signature for publication if so desired). The editor of The Times is not responsible for opinions expressed or statements made under above heading; neither does he necessarily endorse or concur with opinions or statements.

The Editor, The Macleod Times.

Dear Sir,
Will you kindly allow me, through the columns of your paper, to voice my sentiments regarding the very poor co-operation and support Mrs. Donald White is being given in regard to her worthwhile efforts on behalf of the Choral Society of Macleod.

No one will deny that the finest opportunity is being given one and all, to those who have any inclination or leaning towards vocal production and singing, to learn from an adept and clever teacher. Mrs. White, who, without question, is a well trained and learned musician is willing to devote her time and trouble together with her wide and varied musical experience to anyone wishing to join the Choral Society and her only reason for doing so is that Macleod can have a choir of worthwhile voices and be able at some future date to produce a musical production of well trained artists.

The faithful few that are rallying around the choral society and doing their best for its success are losing heart at the very poor support that is being shown and it certainly is up to all those who have any love for music to come along and show Mrs. White that they are interested in her efforts along this line. Even though you cannot read music here is a wonderful opportunity to learn and train your voice as it should be trained. Thanking you.

Yours sincerely,

A member of the Choral Society.

Through the kindness of Mr. Clement we had a radio here for the Christmas season, which

many of us appreciated very much. Mr. and Mrs. T. L. Turnbull decorated the place very nicely, making it look very cheery.

We thank you one and all for your kindness at this season of the year. Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." Math 25:40.

MR. AND MRS. HUGH MACKINTOSH CELEBRATE THEIR SILVER WEDDING

Mr. and Mrs. Hugh Mackintosh of Macleod celebrated their Silver Wedding on Friday evening at the home of Mr. Mackintosh's brother, John Mackintosh, Jumbo Valley, which was more central and convenient for the many relatives and friends. Mr. and Mrs. Mackintosh were married on the 28th day of December, 1904, at the home of the late Sheriff D. J. Campbell, Macleod, by the Rev. J. A. Jaffray, minister of St. Andrew's Presbyterian Church.

The happy event was celebrated by a large gathering of relations and friends numbering about 50, nearly all relations. The Mackintosh family consists of a number of sisters and brothers and all in Southern Alberta were present to do honor to the happy couple. A wonderful display of beautiful Silver was presented to Mr. and Mrs. Mackintosh, a most delightful and enjoyable evening was spent in the real Scotch fashion.

PRESENTATION TO MISS V. KIRK BY UNITED CHURCH C. G. L. T. GROUP

On Friday, December 20th, at 5 p.m., thirty members of the United C. G. L. T. and Primary Sunday School Staff met in the United Church Hall to enjoy tea with and express appreciation of and good wishes toward Miss Velma J. Kirk, who for two years has been active in religious education work in both groups. The guests of honor were Miss Velma J. Kirk and Mrs. Kirk; Mrs. Stanley Bailey and Mrs. O. F. Farnet, superintendent of the primary school. The teachers of the primary presented Miss Kirk with a silver serving spoon and the C. G. L. T. presented a Wedgewood sandwich tray and bon bon plate. Miss Hazel McNabb, president of the C. G. L. T., made the presentation address and in reply Miss Kirk fondly referred to many happy incidents in their work together in religious education. The hall was decorated in holly and evergreen and red tulle. The bride's cake guard of honor was a Cupie bride and groom. The table was lighted with a colonnade of red candles and the articles of food served in Christmas colors. Many were the happy wishes for the future bride.

How to Judge Scotch Whisky

THE OLDEST HOUSE IN THE WORLD Established 1742

NO GOOD JUDGE takes much notice of the colour in judging whisky, nor is he favourably impressed by the bite in determining the age and quality.

If a glass of colourless whisky were put before you, it would be received with grave suspicion and shipped with caution.

Whisky can be matured and still be almost colourless. The colour obtained from the particular wood in which it is matured, and if matured in plain oak casks there would be little or no change in the colour of the whisky. Do not, therefore, judge whisky by colour. It does not always indicate age or strength.

The Right Way to Test Good Whisky

Experts test whisky by the nose and the palate. To tell a good whisky by the nose is rather difficult, but most people can rely on their palate, and if you have a sensitive palate you should have no difficulty in detecting the fine qualities of "White Horse".

A hint in whisky does not necessarily signify that it has great alcoholic strength. Cheap and immature whisky has a decided bite. If whisky is matured for 20 to 30 years the strength is reduced very considerably.

"Marrying" of "White Horse"

Scotch Whisky is a blending of malts and grain whiskeys. For "White Horse" only the choicest malts of Scotch Whisky are selected. They are matured for a long period in select wood before blending. After the first blending, "White Horse" is allowed to lie in wood for a further period to allow the whisky to become properly "married". It is again put in the blending vats and again allowed to lie in the wood. The general public have very little knowledge of this, expense and care involved in this "marrying" of "White Horse" whisky before it is bottled.

NEAT SCHEME TO OUTWIT CUSTOMS

Washington, Dec. 29th (Special to The Times)—It has been found that the number of tourists travelling as third class passengers when entering the United States has increased considerably within recent years.

The practice of allowing third class passengers to enter the country when immigration laws were compiled with an without examination of their personal effects has "grown up in recent years. After long experience it was found that dutiable articles were seldom found among their belongings.

Now strict orders have been issued from the Commissioner of Customs requiring the examination of all baggage of all passengers entering the United States thus ending the immunity which tourists travelling third class heretofore enjoyed.

The Hockey games between Granum Juniors and Macleod Seniors on New Year's Day resulted in a score of 5-0 in favor of Macleod at Macleod and in the return game at night at Granum the score was 2-1 in favor of Macleod. Graceful and grateful words of appreciation are being heard concerning the solo work in the United Church last Sunday evening done by Mrs. Gieson and by Miss Lillian Wells. The work of the Choir is much appreciated.

The school concert and Christmas tree held in the local theatre was a complete success. W. B. Rogers of the trustee board was in the chair.

The teachers had all worked hard in preparing for the event, and the program presented equalled the best traditions of the school. Chorus, tableaux and songs kept a large audience entertained. "A Special Sale" by H. Henker and D. MacKenzie was very amusing, and loud applause was given to "A Wax Model" as presented by a troupe under the direction of Miss Freida Sherman. One of the best pieces of the evening was a drill given by the high school in which all the partici-

pants were dressed in white. To the younger members the most exciting incident was the arrival of Santa Claus, who sent them all home happy.

In the United church the pastor was assisted by Geo. McDougal of Alberta University. The choir sang a Christmas anthem, "The First Christmas Morn." The male quartet also rendered a Christmas song. A white gift service was held in the church on Monday night, at which the children presented gifts—some locally, others to worthy and needy objects—Woods' Home, etc. There were also songs, tableaux and musical exercises.

The New Year Week of Prayer will be observed in the United Church of Granum with a meeting for Study and Prayer each evening from Sunday until Friday. From Monday onward the meetings will begin at 8 and close at 9 o'clock. The week of prayer will be initiated at the regular Sunday evening service which opens at the usual hour of 7:30. The minister will preach on the theme—"Year Responsibility for the Authority of the Church." Full choir. Everyone welcome.

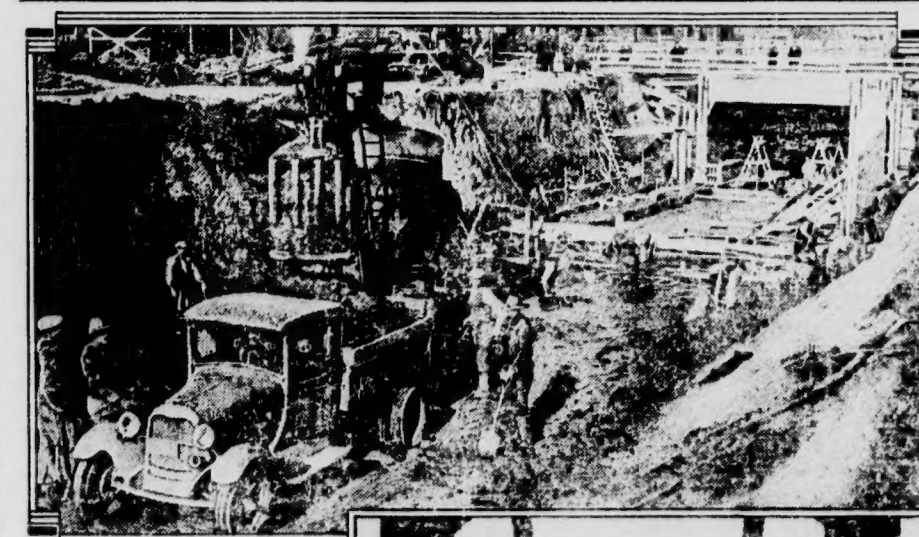

On the 27th of December a very enjoyable evening was spent in honor of Mr. and Mrs. Hugh Macleod, of Macleod, at the home of Mr. and Mrs. J. Macleod at Granum. The evening commenced with a turkey supper served in Cafeteria style, after which an hour of recitations and community singing was indulged in. From that time on until midnight a real jolly time was spent by all in dancing the old Scotch dances. At the hour of 12 midnight the guests of honor were

Fording the American Boundary Twice

Longest Suspension Bridge in World Opened.

ABOVE and below, the international boundary between Canada and the United States is being spanned where the Detroit River separates Ontario and Michigan.

Already the two-mile Ambassador Bridge is linking the people and interests of the two countries. Following a dedicatory ceremony on Armistice Day, the span was thrown open for public use on November 15. For three years, it will enjoy the distinction of being the longest suspension bridge in the world. By 1933, however, its stretch of 1,859 feet between the two sky-scraping towers will be forced to take second place because of the longer span of the Hudson River bridge linking uptown New York and Jersey. Until the building of the Ambassador bridge, world distinction for the longest suspension span was enjoyed by the Philadelphia-Camden bridge over the Delaware River. Its suspended length being 1,750 feet.

In the meantime, dredging and excavating are being rushed on the Windsor-Detroit tunnel. It is expected that, before another year has passed, this international thoroughfare also can be in use.

An example of the manner in which this work is being expedited is given by the record accomplished by Ford trucks in removing 40,000 cubic yards of wet clay from the Windsor entrance in the short pe-

riod of two weeks. This record achievement required that the trucks make 35 round trips daily, a distance of three miles each trip with a load of two yards of wet clay.

presented with many beautiful presents brought in by the Misses Mary Macleod, Annabell Macleod and Lillian Strange. A few short speeches were made, and midnight lunch was served. Dancing then continued until the wee sma hours of the morning. Those present were: Mr. and Mrs. H. Macleod and family of Macleod; Mr. and Mrs. A. Campbell and son Douglas, of Calgary; Mr. and Mrs. Macleod, Ian and Lillian, of Carmangay; Mrs. W. Macleod, Mr. and Mrs. MacKay, and John Anderson, of Coaldale; Mr. and Mrs. D. Macleod and Miss Mary and Duncan, of Monarch; Mr. and Mrs. D. Munro and daughter Isabel; Mrs. D. Macleod and daughter Mary; Mr. and Mrs. J. Macleod and family; D. Rose, D. Dick, Mr. and Mrs. M. R. Matheson, Mr. and Mrs. G. Baron and Cecil, Mr. and Mrs. John Taur and Kenneth, all of Granum.

MACLEOD AND GRANUM TIE FOR HOCKEY

Two all, was the result of the hockey match on Friday night between Granum and Macleod on the Macleod ice.

A strong wind was blowing which interfered considerably with the play, which made it necessary to have four periods of 15 minutes each. It was a good clean game, although no very brilliant play was displayed on either side, except perhaps on the part of the Granum goalie, who proved to be a tower of strength for the visitors by his splendid defense of the net.

The first period drew nil, and in the second Granum found Swinerton's net for the first score. Macleod failed to equal in that period but in the third Dillingham tallied up two for the home boys, followed by the equalizer for the visitors making a tie at the end of the third. During the fourth, neither side could break the tie. On account of the wind, they decided not to play overtime but leave the game as a tie.

The line up was: Granum: Goal, Blair; defense, Reynolds, Wolfe; forwards, E. Marsh, McKenzie, McCorkle, Sherman, Leyden. Macleod: Goal, Swinerton; defense, Hamilton, Ringland; forwards, Townsend, Dillingham, Graham, Bill Hamilton, Smith.

TRAIL RANGERS' HOCKEY

The fast skating Nanton Trail Rangers came into Granum for a game on Friday last at noon, and the kind of hockey played by the boys was a treat to the few spectators who could be gathered. For one thing there was only one penalty, and that for a minor infraction of the rules. And for another thing the players put all they had into the game, skating hard and seeing to it that they did not let the kind of hockey played by the boys was a treat to the few spectators who could be gathered. of 3-1. Nanton had a team that placed many shots on goal but Charlie Field was equal to every occasion, and the one which beat him was a good one, so that he need not worry. Harry Anderson went like a star both ways, and the forwards, Field, Herman, Russell, the Cochlin Bros., and Rompau were fine, while none worked harder than Art who did well on defense and attack. The return match will be played at Nanton on this (Thursday) evening, and Nanton or Granum will either be hard to beat. Gordon Blair handled the ball capably.

CANADIAN NATIONAL PLACES LARGE ORDER - WILL DO MUCH TO RELIEVE UNEMPLOYMENT SITUATION IN DOMINION

FASCINATING LINKS IN CANADA'S HISTORY

There is a closed cabinet in the new wing of the Dominion Archives Building which contains four intensely interesting mementos of the early life in Canada. These are tunics, sash and stock worn by Brock when he fell fighting for his country in the year of 1812, and the shoes worn by General Wolfe when he was a baby.

The tunic which belonged to Brock is of the flaming scarlet color which the warriors wore in those days. It is bound in black and has gold buttons. The bullet hole over the heart, is very noticeable, and it was the charge which was fatal to the brave soldier.

With the tunic was worn a plaid sash, which was a present from Tecumseh to Brock. He also wore a stock, as it was called in those days, which reminds one of the Windsor ties worn by the school boys of about twenty years ago.

Brock's coat was sent to his relatives and in 1909 the Misses Tupper, nieces of Sir Isaac Brock, presented it to the Dominion Archives. The little black kid shoes which were worn by General Wolfe were given by Mr. Thomas Wolfe, a relative of the Generals, to his cousin John Channell, of Newcastle-on-Tyne and were presented by W. J. Priesman Atkinson, grandson of the latter, to the Archives in September 1908.

These little mementos of early history in Canada when seen as they were worn by these brave men, recall to mind the battles in which they engaged and the personal contact of seeing the splendid achievements of a man, who, when he was killed, was in years, just a boy.

AMAZING

The other day Clem McGuire dropped into Elsa's little Main Street cafe and ordered an oyster stew. When the steaming soup was served Clem explored it cautiously and found one lone, single, solitary oyster. Holding it aloft on his fork, he cried loudly and with much éclat: "O, lookee, as I live and breathe! A stowaway!"—Chicago Tribune.

the United Church, Macleod. The
program opened by singing the
hymn, "Hark, the Herald Angels"
and prayer by the pastor, Mr.
Knight. Opening remarks of a

ber of homes in Macleod on Christ-
mas Eve, when he delivered 9
turkeys to widows and old people in
the town. The donor of the turkeys
was Councillor Swinerton and need-
less to say the kind act was fully
appreciated by the recipients.

A quiet wedding was performed
at the home of the bride's mother
on Christmas morning, when Miss
Yelina Kirk, only daughter of the
late Dr. S. J. Kirk and Mrs. Kirk
Macleod, became the bride of Millard
Kemp of Edmonton. Only relatives
were present and the Rev. J. F.
Knight performed the ceremony.
The happy couple left on the noon train
for a short honeymoon and after the
New Year will take up their resi-
dence in Edmonton.

Christmas Day Services were held
in the Holy Cross Church and Christ
Church, Macleod. In the Holy Cross
Catholic church, Christmas Eve, and
night High Mass was celebrated, at
which a very large congregation at-
tended. The Rev. Father Ross was
the celebrant, with Mrs. L. D.
Huntley conducting the musical part
of the service and Mrs. J. J. Burke
taking the leading solo work. In
Christ Church (Anglican) the
Rev. F. Randall Powell, Rector,
conducted two services, Holy Com-
munion at 8 a. m. at which there
was a good attendance of com-
municants. At 11 a. m. there was
a large congregation, and the Rector
look for the subject of his sermon,
"Why the Angels Did Sing." There
were four reasons said the preacher.
First, in that day "Encouragement
Was Born." Encouragement for the
friendless, the weak and the help-
less. Second, "A Companion was
born." A companion at the wedding
at the feast and at the funeral.
Third, "Goodwill was born." Good-
will universal to all peoples of all
nations of the world. Fourth, great-
est of all, "Forgiveness was born."
Forgiveness of sins, which before the
Advent at Bethlehem, all people had
to suffer for individually, but when
Christ was born, He suffered for all.
